Rainforest Recovery Center is hosting question and answer sessions on Medication Assisted Treatment (MAT) for opioid addiction. The sessions are scheduled for Mondays, June 19-July 10, 6-7 pm at the Valley Library.

The sessions are intended to define office based opioid treatment and give information about an avenue to help for loved ones with opioid addiction.

The program combines counseling and other recovery supports with prescribed medications (buprenorphine and naltrexone).

A question and answer period will follow the lecture. All are invited to learn about treatment options available in Juneau for those struggling with opioid addiction.

For questions, please call 796-8690.

For more information regarding Fraud, Waste and Abuse contact:
Denise Plano MHA MSN RN, 
Director of Quality, Compliance Officer
Bartlett Hospital Compliance Hotline: 796-8618

What are Fraud, Waste and Abuse?

FRAUD: Knowing/intentional deception or misrepresentation to obtain the money or property of a federally funded health care benefit program. Knowing means actual knowledge or deliberate ignorance or reckless disregard of the truth or falsity of the information

WASTE: The overutilization of services or other practices that result in unnecessary costs to a federally funded health care benefit program

ABUSE: Obtaining payment for items or services when there is no legal entitlement to that payment but without knowing and/or intentional misrepresentation of facts to obtain payments. Improper or excessive use of state or federal health care program benefits

There are Federal and State Laws that address these issues.

-Doctor was terrific - Even the PA student made herself useful.
-Excellent job - *Lourdes & the triage nurse were extremely fast & efficient.
-Keep it up.
*Sarah & *Sam (Lawson) were both wonderful. Each of them offered my daughter Popsicles, juice or anything else that might help comfort her. They were both great!
*Dr. McPherson was very sweet to my daughter. She was scared to be in the ER and he had a lot of compassion and put her at ease.
-Great staff in the ER!

-Everyone was wonderful. Nurse, *Sarah Sjostedt was warm, sweet and helped my nervous daughter feel more comfortable.
-Very quick and helpful!
-PA's staff was great!
-Very impressed - Thank you. Excellent.
-Kind understanding.
Attentive.
-Nurses were good & professional.
-All had excellent bedside manners.
-Fantastic *Doctor: Blaze Bellows is one of the best doctors I have ever met at listening then articulating a treatment.
-My wife showed up about an hour after I checked in and was treated very well.
-Nurse that was on duty immediately gave me a warm blanket. (Nice touch.)
-Enrolling person was very conscious of my pain and she was patient with me.
-The nursing staff was courteous, professional and made me as comfortable as possible.
-Doctor was efficient and practical. Good experience.

Cancer Connection Awards

Congrats to Bartlett Regional Hospital Mammography and Diagnostic Imaging! Lorie Daniels and crew accepted the Medical Professional of the Year award at this year’s National Survivor Day on June 8 at the JACC.

Other honorees were Valley Medical, Corporate Partner of the Year, Terry White, Survivor of the Year and Becky Thomas, Volunteer of the Year. The event included an awards presentation, silent auction and no-host bar.
Now available for sale in the HR Office - $20 each

Stadium Blankets feature: water resistant back; warm and comfortable blue fleece lining and convenient Velcro closure with handles to carry. This has been perfect for watching the chilly baseball games!

**Denim Diva’s “Denim Friday’s” For RELAY for Life! Get Casual for a Cause**

“Denim Friday’s” for Relay for Life is an opportunity for Bartlett Employees to wear blue jeans on Fridays in support of the American Cancer Society’s Relay for Life in Juneau AK.

The relay for Life event for this year is Saturday 07/15/17, 6pm through Midnight at the Dimond Field House.

We are asking for Bartlett employees to donate $5.00 for 1 Friday or $20.00 for 1 month of Friday’s To the American Cancer Society.

Starting July 1st we will be able to offer payroll deduction for employees who would rather pay directly instead of going to HR or the SEPS office!

Pins & Stickers will be available in The SEPS Billing Office & HR Office.

For more information about this fundraiser or to support/join Bartlett Regional Hospital’s Denim Diva’s Relay for Life team: Rachel Wasserman – 2017 Team Captain - ext. 8924

**Thank YOU Bartlett Café’!!**

The Employee Engagement Committee and the Senior Leadership Team held a thank you lunch for cafeteria staff on Friday, June 16. The event, featuring Filipino delicacies, was a small token of appreciation for all their extra work during this year’s hospital week.

The Summer 2017 Edition of *House Calls* is out, with feature articles on the ED and Infection Prevention by Katie Bausler, information about the new Medication Assisted Treatment program by Erin Maloney and the importance of family dinners by Kari Natwick. Thank you Rose Lawhorne, Kim McDowell and Charlee Gribbon for all your help with this issue’s feature articles. If YOU have an idea for an article or would like to contribute a piece for the Fall edition of *House Calls*, please contact Katie Bausler at kbausler3@bartletthospital.org. Content for the Fall issue is due by the end of July so the sooner the better! Thank you.

**Community Relations Corner**

Our office sponsors several community non-profits and sports teams to promote youth and adult physical fitness throughout the year. This issue’s featured sponsorship is the American Cancer Society’s Relay for Life, happening July 15, 2017.

In coordination with Human Resources, we are making a series of short video, audio, and print testimonials featuring YOU, our amazing providers and staff.

The goal is to recruit new staff, and to promote Bartlett Regional Hospital as a great place to work and asset to the Southeast community. Filming will start the first week of July. If you are interested in participating in this initiative, please contact me, Katie Bausler at kbausler3@bartletthospital.org or Jason Bushman at jibushman@bartletthospital.org Thank YOU!
Thanks Margo, Roger and Little Roger!

Margo Connolly-Masson and her husband Roger had such a positive experience having their first child at Bartlett Beginnings that they called and asked to stop by and tell us about it. Here’s what they had to say about Little Roger’s first "home."  

https://youtu.be/EZeDZV8BRikC

Video production by our own Samuel Galorport, who is a lab tech in his other life. Big Thanks Sam! You can also find the video on the Bartlett Regional Hospital Facebook page, where it has 19 shares, and counting...

Houston Laws promoted to BHA and Program Activities Supervisor

In his expanded role, Houston Laws will be coordinating and leading the daily residential care for both RRC and the Mental Health Unit. This will allow for more coordinated training and integration among services.

A really exciting point is that he will lead a combined effort for developing tiers for our MHU CNAs/MHAs/ and RRC RAs who will all become Behavioral Health Aides. Alaska has a specialized program for certification and Houston will be leading the effort to bring this training to Bartlett to develop a professional career track for our team. This is a very unique opportunity for our hospital.

Additionally, he will be supervising our activities staff, helping develop standardized activities between programs, and assist in ensuring services delivered are relevant and meaningful to treatment goals.

Those who know Houston know he is talented, humble, and committed. He is great with both patients and team members. We are grateful that Houston has returned to Bartlett and value the exceptional leadership and vision he has demonstrated.

In this role he will continue the program improvements he has begun to increase the quality of our program. He will also be a TEAM trainer to help keep our staff prepared and protected.

Houston is a practical problem solver who exemplifies the CARE values of BRH. Please join me in congratulating Houston in his new role!

-Sally Anne Schneider, MS  
Chief Behavioral Health Officer

MEDITECH Minute

“Help! My group note only allows me to save in draft!”

This is a common issue. Group notes will not save, other than as a draft, until you have written an individual note on every person in your group. If your "save" button is low lit and only “save draft” is available, make sure your group list shows a check mark next to every person – indicating that you’ve written an individual note for them.

In this example, the group note will not be able to be saved until an individual note is also written on Testpcs,Ian.

<table>
